

## Easy Meatball Sandwiches

- One or more bags frozen meatballs (4-5 meatballs per sandwich)
- One or more jars pasta sauce (depending on how many sandwiches you're making)
- Sandwich Rolls
- Provolone Cheese Slices
- Grated Mozzarella Cheese

Place frozen meatballs in Crock Pot. Stir in pasta sauce. Place lid on Crock Pot and cook on low until you're ready to eat.

Assemble sandwiches by slicing the sandwich roll almost all the way through. Place two slices of provolone cheese in bread and top with meatballs. Top with grated mozzarella cheese and broil if desired. Enjoy!

Leftover meatballs freeze well for another easy meal at a later date.
