

Sweet & Salty Pretzels

- One bag Hershey's Kisses, Hugs unwrapped
- One bag waffle pretzels
- One bag M&M candies

Heat oven to 170, or lowest temperature for your oven. Place parchment paper on cookie sheet. Lay out lots of waffles flat on parchment. Place one kiss on each pretzel.

Heat in oven for 3-5 minutes depending on the temperature and your oven. Kisses are ready when they are shiny but are still holding their shape. Remove from oven and place one M&M on each kiss, gently pressing in. Let cool completely on counter until kiss is firm again.

Store in container with lid, if they last that long.
