

Lemon Blueberry Cooler

- One cup blueberries (fresh or frozen)
 - ½ cup sugar
 - 6 cups water
 - 4 lemons to make ¾ cup fresh squeezed lemon juice
1. Dissolve sugar into 1 cup water in a small saucepan.
 2. Add blueberries. Bring to a boil and simmer five minutes.
 3. Pour five cups water into a large pitcher.
 4. Juice four lemons to get ¾ cup juice, add to the water and stir.
 5. When blueberries are ready, pour the mixture over a fine mesh sieve into a bowl or small pitcher. Stir with lemon/water mixture and enjoy!
